

GREEN HAVEN FOR HIPPOS

HUTTO (Nextage Lincoln Ray Realty) – Ground broke yesterday on the first phase of the Green Haven Ranch subdivision near toll road 130 and Limmer Loop in Hutto, home of the Hutto Hippos.

Each of the 54 residential building lots will be an acre minimum and will be green building deed restricted. An organic farming learning center located at an existing farm house will also be included in the community.

Site work is expected to be completed this July.
