Lowe's to open its doors in Leander

Austin Business Journal

A 170,000 square foot Lowe's, the anchor to one of the city of Leander's largest commercial developments, will officially open on March 25.

Lowe's will have a "board cutting" ceremony at 10:00 a.m. on its first day.

Gateway at Leander, a \$24 million project, sits on 42 acres on the corner of Crystal Falls Parkway and U.S. Hwy. 183. The project broke ground in late 2007, and holds a mix of retail, banks and restaurants in addition to the Lowe's store. Austin-based Development 2000 Inc. created the ownership entity Gateway 2000 to purchase and develop Gateway at Leander.
