Ten Austin companies earned spots on Inc. magazine's annual list of the 500 fastest growing companies.

The list ranks companies with the highest percentage growth in revenue over the past three years.

Here are the Austin companies on the list:

1. Charfen Institute, offers seminars and certification in real estate education
2. Software Advice, online source for software reviews and comparisons that help businesses choose the right software
3. Cloud 8 Sixteen, Web consulting firm whose services include search engine optimization, website design and pay-per-click marketing
4. SPIbelt, has developed a personal belt that gives runners, cyclists and travelers a non-bouncing way to carry keys, phone and ID cards.
5. Medigap360, health insurance brokerage that provides online, agent-assisted comparison shopping of Medicare supplement providers
6. Kinnser Software, software that enables electronic health record keeping and workflow management for doctors, managers and payers in the home health industry
7. Vintage IT Services, computer and network management for small and midsize businesses
8. Q2ebanking, online and mobile software and services for financial institutions
9. CLEARResult Consulting, designs and implements energy efficiency improvements for utility companies.
10. Trade the Markets, provides information and video training on various financial markets, including the stock market, currencies, commodities and futures.
