A great opportunity to own a home on 3 unrestricted acres that includes a 25x25 workshop. The home underwent some major renovations in 2019 that include a complete kitchen makeover, custom cabinets with soft closing drawers, a walk-in pantry, granite countertops, and stainless steel appliances. Some walls were rearranged to provide an open floor plan. Windows, roof, and most of the flooring were replaced in the renovation. This property has a separate electric meter as well as a septic system perfect to add another living dwelling. Loop 1604 is about a mile away making it an easy commute to the surrounding areas.
