MLS® #1545030

\$475,000

Bedroom, Bathroom, 4,000 sqft
Multi-Family on 0.17 Acres

NOT IN DEFINED SUBDIVISION, San Antonio, TX

This beautiful turn-key ready property boasts 2 completely renovated spaces. These include a contemporary designed main house accompanied by a refurbished industrial-style warehouse that features all the hallmarks of a cargo-laden relic of the past with a furnished modern twist. Designed to architectural perfection, nothing was left untouched. The main home features 3 bedrooms, a full bathroom, an open kitchen concept and 12 ft ceilings. Spotlighted features include newly upgraded laminate flooring, abundant cabinet space, and highly desirable bay windows. The multi-purposeful warehouse leaves many opportunities for an additional office or living space as it was recently approved for re-zoning to Multi-Family with an IDZ. Inside, the industrial theme continues, with elements like exposed brick, metal railings, and other characteristics of historic warehouses-but also a layout and amenities fit for modern living. Even with the addition of stainless steel appliances and a modern countertop, the exposed brick and open concept kitchen tie back to authentic warehouse spaces, where rezoning for residential use often means an open loft space. A steel staircase connects the living area to 2 separate loft spaces-and is a convincing replica of historic industrial versions. To soften all that metal and brick, the popular AirBnB space is furnished with a boxy seating area, textural rugs, and multiple accent plants.
