A true gem in the middle of peace & quiet. Nature at its finest. Drive down the oak tree lined entry to the log home. This home site could be the perfect retreat for you at the end of the day...or just on the weekends. True rustic, cabin feel with all the luxuries of home. Wait till you see the pond & the wildlife & the soaring oak & pecan trees! A separate garage was built as the perfect workshop with a covered patio on front. Storage buildings, jetted exercise pool stays, fenced area for pets. Love it!
